

WOMEN IN METERING

OUR VISION

“...IntelliHUB Women's Emerging Leaders Group's purpose is to provide a platform to empower women across the business...

...through connections, shared experiences and skill development so they can create their own opportunities”

OUR MISSION

The IntelliHUB Women in Metering Group, will allow IntelliHUB's 66 female employees across AUS & NZ to develop their career, leadership, and diversity of skills needed to succeed in a dynamic global workforce.

To increase women's capability, opportunities for growth, skill sets and build confidence to be a great leader at any level they choose.

The desired outcomes for this goal are:

- Coordinated opportunities for learning and development across the business
- A skilled and knowledgeable workforce across Intellihub
- Women are supported and have opportunities to build capacity and be involved
- Staff are supported to increase skills, knowledge and understanding across agencies

We will be collaborative, build strong partnerships and networks; and model the intellihubcore values.

The desired outcomes for this goal are:

- Working collaboratively to create greater opportunities for staff and improve efficiencies in the delivery of programs
- All members understand, and display the Intellihub values at all times
- The roles and responsibilities of committee is understood, and we are working together as a whole of company approach

To create and foster an environment where at all levels women have choices and are valued.

The desired outcomes for this goal are:

- A resilient and flexible workforce across IntelliHUB
- Women are supported and encouraged in leadership positions
- Women are confident and respected to make choices
